

Final Day Logistics

Your final paper is due as a pdf 6/2/16 at 5 pm.
We will set up a catalyst submission. Note the
box closes at 11:45 pm...

Your team assessments will be due on 6/3/16
at 5 pm. I will resend this to you by tomorrow.
Remember – this round counts and you should
assess each of you members fairly based on
the contract you developed at the beginning of
the year. We, your instructors, have added a
few additional questions to get feedback.

Come on time!

We start exactly at 11:30 AM.

If you come from all the way across campus, I will try to accommodate you – just let me know. MEB does not count.

Email me your presentations by 7 AM Thursday so I will place all presentations in order. This means, any final changes must happen before 7 AM.

I would prefer only Google Drive to eliminate any technical issues. If there are more than 5 groups using PowerPoint, then I will accept both.

First group should be ready at 11:30 AM. The next group should sit near the podium.

Each group has 12 minutes ***including*** questions. This means you have 9-10 minutes.

I will do a hard cut off at 12 minutes regardless of if you are done. Realistically, I actually want to give the next group 1 minute to set up during Q&A.

During the switching, the group next in line will go up while the group after will sit near the podium. If all goes to plan, we have 2 min to spare.

Sit in your groups.

One person from your group will be handed evaluation forms.

Each of you pick a random form from this stack and it will have the group you will evaluate.

After evaluating your assigned group, hand the form to Corey. Corey will keep a tally of 'score' and the group with the best score gets a prize!

GROUP #_____

In our template, we look at the following:

- Subject Knowledge
- Clarity
- Organization
- Visuals
- Eye Contact
- Body Language
- Poise
- Enthusiasm
- Speaking Skills -“Storytelling”

Based on this, please award a score to the group you were assigned between 0 and 10 (10 being 100%).

Final Score:

Because there is no break and it is lunch time...

Feel free to bring your lunch!
We will have some snacks but...
BYOC = Bring Your Own Coffee.

In case, there is a tie in scores from evaluations,
we will give the prize to group with most tens.

Please note: These peer evaluations have no
bearing on your grade. It does give you an idea
of what we have been using to assess you!

"That's all Folks!"
